Clubs are required to supply timekeepers all day. It is up to the clubs to rotate throughout the day. If you have more willing parents than timekeeping seats, please offer your service to other clubs who may be struggling to fill their roster.

Please Remember:

Swimming is a sport that relies heavily on volunteers. Without adequate officials AND timekeepers (3 per lane), NO official WA Swimming Times or Records will be recognised for the meet. If you want to know more about becoming a Technical Official speak to your club committee to find out more.

Thank you for all your help and co-operation.

A reminder that two (2) raffle prizes are required from each club participating in the Region Meet.
